

Corrugated Plastic Sheet & Box Presentation

INDEX

1. Company Information
2. Production Equipment
3. Features of the Corrugated Plastic Sheet
4. Benefits of the Corrugated Plastic Sheet
5. Corrugate Plastic Box Type
6. Corrugate Plastic Production Process

HISTORY & PRODUCT

COMPANY INFORMATION

Company

SNK INNOPACK USA, INC.

Address

451 TECATE RD. STE2A TECATE , CA 91980

Telephone

(619) 478-2738

Factory

DAEDUK PLATECK S.A. DE C.V.

Address

Km 126.783 Carr Fed Mex-Tij San Jose Tecate B.C. S/N

Telephone

(665) 521-1400

Founding

April. 2003

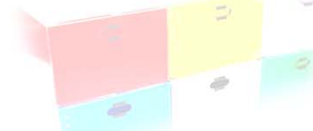

E-mail

sales@snkinnopack.com or ventas@daedukplateck.com

DANPLA SHEET

FEATURES OF THE CORRUGATED PLASTIC SHEET

1

Easy to clean

2

Stackable and / or nestable

3

Chemical and mildew resistance

4

Impervious to moisture

5

Anti-static, fire-retardant

6

Extremely durable, will last years and years

7

Reusable, returnable and recyclable

DANPLA SHEET

BENEFITS OF THE CORRUGATED PLASTIC SHEET

1

Less consumables, low cost, light weight

2

Accept custom design : shape, size and color

3

Waterproof, it absorbs very low level of humidity

4

Flexibility, it can be easy bent and cut

5

Recyclable, reusable, it has a longer life cycle

6

Accept UV printing, silkscreen printing (Corona treatment)

7

High endurance level and chemical resistance

DANPLA BOX

Corrugated Plastic Box Type

TYPE A

- Normal Style one layered folding box
- Saving storage space
- Lower price
- Standardized size

TYPE A/B

- Folding Style one layered box
- Harder than A type
- Easy to folding
- Velcro can save taping time

TYPE C/T

- Hardest box type
- Multi stackable
- Plastic cover for Anti-contamination
- Partition to prevent contamination between products

DANPLA BOX

Corrugated Plastic Box Type

TYPE A/C

- A/C type is an integration with advantage of A/B and C/T type
- Folding type box
- Saving storage space by folding

TYPE D
CONDUCTIVITY

- Physical and static protection for components/products
- Improve the efficiency and productivity
- Minimize the cost

TYPE
AGRICULTURE

- Non-toxic, free of smell, hygienic
- Waterproof
- Heat resistance
- Light weight and high tensile strength
- Recyclable, reusable

DANPLA BOX

Corrugated Plastic Box Type

TYPE

SEA & MEAT PRODUCTS

- Preserves fresh appearance
- Preserves fresh flavor
- Non-toxic, free of smell, hygienic
- Waterproof

TYPE CART

- It makes transporting heavy goods with great proficiency
- Wheels make it portable and safe to handle
- Indoor & outdoor use

SHEET

CORONA TREATMENT

- Able to treat one or two sides
- Better printing and graphics capabilities
- Available in various shapes, sizes, designs and colors
